

Need help handling motor claims?

Whether you are an Insurance Company, Insurance Broker or Fleet Manager if you are looking for help with the handling of your motor claims we can provide a range of solutions to fit your needs and service your customers. Our range includes virtual end to end outsource solutions or help with particular processes or simply an overflow service. We are regulated by the Financial Regulator with a passport to the UK and compliant with Minimum Competency Requirements and Data Protection requirements.

First Notification of Loss

We will provide your customers and third parties with the help and emergency assistance they need. As well as notification we help with the deployment of emergency vehicles, repair centres and motor engineers

Own Damage Claims Management including Windscreens

Working with our network partners our accident management team can deliver a reliable and cost-effective service to cover everything from vehicle recovery, assessment, validation, repair, loss valuation to salvage sale.

Third Party Claims

Our proactive third party service covers vehicle, property damage and injury claims which will result in lower claims costs and increased customer satisfaction.

Motor Liability Investigation

Our skilled motor liability claims technicians, supported by our in-house solicitor, can respond to all forms of motor liability investigation from the desk or onsite visits

Injury Management Service

Road Traffic Accidents can be traumatic. We provide expert management of injury claims including close dealings with InjuriesBoard.ie (previously known as PIAB) since its establishment in 2004. We can also provide client and third party rehabilitation management programmes to provide support to the injured party. The results can include an earlier return to work and a reduction in overall costs.

Insured and uninsured loss recovery

We have a specialist recovery unit, supported by our in-house solicitor, to assist in the recovery of outlay after non fault accidents or successful Third Party defence action.
